October 2011

This summer brought record heat in Texas, multiple hurricanes on the east coast, and even a tornado in Massachusetts. Now it is autumn in New England. The trees are turning deep, beautiful colors, the temperature is gradually dropping and winter is right around the corner.

As the season is changing, it is not too soon to begin making plans for the upcoming holiday season. Whether you plan on traveling for Thanksgiving or during the week of Christmas and New Year's, contact us early to have the best options available. Refer to the Peak Travel Dates section on the back of this newsletter for guidance.

There continues to be changes in the charter market, as well, with newer aircraft becoming available for charter. We still use Wyvern Ltd. as the auditing choice for charter vendors. Safety is our number one priority in scheduling a trip and Wyvern Ltd. requires that vendors uphold a very stringent safety standard. A charter can be booked internationally as well as domestically. Whether you're looking for South America or South Africa, we can assist you.

Should you have any questions or require a quotation, please feel free to call us at 603 881-8400 or email us at charter@exclusive-air.com. Our team is happy to help you. ☺

Holly's Hall of Fame by Holly B. Whitaker

I was once told that when the aviation bug bites you, you are hooked for life. So when I relocated to the Metro Boston area in 1985, I began searching for another aviation job. There, I was interviewed by Anne-Marie (Gram) Allen. Anne-Marie was an officer at Jet Aviation, French and very elegant in her demeanor and professionalism. She loved aviation and had a soft spot in her heart for the French manufactured Dassault aircraft.

My persistence landed me a job working for Anne-Marie. She was the utmost professional in her business practices and clear in her expectations for me. And these expectations were steep! Her energy and enthusiasm were contagious. Anne-Marie prepared me for trade show travel, international travel and, most importantly, a long career path.

While Anne-Marie has retired from aviation, she is only a phone call away. She resides in Connecticut and enjoys traveling abroad and photography. Anne-Marie, you are the best! ☺

Helpful Tips

Ground transportation can be the weakest link in a travel itinerary. It doesn't matter how great the flight was if the executives land and their ground transportation is late. Therefore, you can expect Exclusive Air to ask for the ground

transportation company name, phone number and reservation number. With this information, we can reconfirm ground transportation in advance to avoid any disappointment and inconvenience for our passengers. ☺

Special Event: 2012 Olympic Games ~ London, England

If you are considering traveling to London for the 2012 Olympics, be aware that many airports will be accepting reservations for an arrival and departure slot. For example, these slots will be required for all aircraft arriving or departing at Luton Airport from July 21 to August 15th, 2012.

Please provide as much notice as possible if you plan on attending the Olympic Games since there will be many restrictions during this time. ☺
